3. Get Start

3.1 First Login Registration

For first time user, First Login registration is required. You can register via Internet Banking or Mobile Banking services with the dedicated UKey.

Steps of First Login registration:

- Go to the E-banking login page, and connect the UKey properly
 - Internet Banking:** Access the Internet Banking service from our official website www.cmbc.com.hk. Connect the UKey to the USB port of your PC, and follow the instruction to download UKey driver
 - Mobile Banking:** Download and open the App, connect the UKey to the audio port of your mobile device
- Go to “First Login” function at login page of either Internet Banking or Mobile Banking services
- Setup UKey Password, it should contain 6-15 alphabets or numbers
- Send a SMS verification code to the registered mobile number, and input timely
- Setup User Alias, a unique identifier, it should contain 6-20 alphabets or numbers
- Setup Login Password, it should be a combination of 6-15 alphabets and numbers
- Input the Login Password again to complete the registration

3.2 Passwords Must Know

Login Password:

- Same Login Password is shared between Internet Banking and Mobile Banking services
- If you have entered the incorrect Login Password more than 5 times in the same day, you cannot login again until the next day.
- You can reset the Login Password with your UKey via Internet Banking and Mobile Banking. Login Password cannot be reset by the bank.

UKey Password:

- UKey is a security device used for user authentication, its password is physically carried by the UKey, so please keep the UKey and its password safe
- UKey Password, it should contains 6-15 numbers, or a combination of alphabets and numbers
- Your UKey will be disabled if you have entered an incorrect UKey Password more than 6 times. You need to request a new UKey by submitting the application form to us.

For more UKey details, please refer to the UKey Manual, which is sent together with the UKey. You can also reference the FAQ at Internet Banking and Mobile Banking for more information about our services.
